Championship description.....

The Triple Challenge Open is a new adult open event that we will be running on the fourth Monday of the month, between February and August 2010. The Championship will be run over 7 rounds, with everyone able to drop their 2 lowest scoring rounds (their 5 best scores counting towards their overall points score).

You can also take part as a one off event as you do not have to take part in every round.

We held the last round of the Championship on Monday 23rd of August. With the holiday season in motion, and the championship virtually decided, the last round of the season was slightly low on numbers. Please find the results from the last round below.
